3 In this G.O. in question 2 conditions have been prescribed in regard to spending moneys out of this grant viz

(i) the articles to be purchased should be such as cannot be immediately supplied from the Govt. Medical Stores and

(ii) the articles must be such as have been included in an indent already sanctioned by Govt.

4 Both the conditions appear to be necessary. There would have been no trouble if an indent had been sent to Govt & their sanction obtained. Even now he may be asked to do so.

7 I return herewith the two D.O. letters received from Lt.Col. Foulkes in which he asks that a sum of Rs.1,000 may be placed at his disposal for purchasing medicines, &c., without the necessity of obtaining previous sanction. In the case of an officer of Col. Foulkes' high position there should be no objection to grant a concession of this character. The vouchers may be audited in due course.

14. I see no objection to the course proposed by the Dewan Sahib - That will amount to giving more power to the Doctor in charge of the General Hospital Mysore than what exercised by the officer in charge of the Victoria Hospital - But the Victoria Hospital can obtain order whatever it wants through the medical Stores i.e. through the Senior surgeon who exercise full powers within budget limits for medical Store purchases - As Mysore is at some distance from the Medical stores a special 1000 rupee grant will not be out of place so long as an officer of high status is in charge there -

My dear Devan Sahib

You may remember when we were talking over the subject of the needs of the Gen. Hospital here I asked amongst other things that I might have Rs 1000 to spend in the course of each year, this

2

amount to be at my disposal without need of previous sanction ~~of~~ or of precaudit & you said you thought there was no objection to this. In the G.O. on the subject however there is no definite mention of this & I

have been having correspondence
for some time with regard to
sanction for certain articles I
have bought with the result that
I shall probably not get the
amounts paid this financial
year in time & this years
grant will lapse. Is there

any objection to my being able to purchase things without sanction in this way? & if not could you supplement the G.O. so as to make it clear that this is so. I do not read the G.O. to mean this sanction is necessary but the Senior Surgeon apparently does

Dear Dewan Sahib

med 66-13 se: 10.

I'm sorry to bother you but I don't think you could have got my letter I wrote some little time ago. I was asking if it would not be possible to modify the G.O. about the Rs 1000 a year that I asked for

for the hospital. I explained to you last year & you agreed with me, that I wanted to have money available for things I might want at once either not obtainable at the Med. Stores or of a better quality

than could be got there. As it stands the G.O. compels me to

1. get Govt sanction first
2. only for such things not available in the Med. Stores.

These provisos completely defeat my object It is such a small matter that I think Govt could trust me so far — all the Vouchers have to be sent

in. It seems so hard to convince you that I have no personal interest in this it is purely to try & get the hospital in a respectable position.

Yours sincerely

T. H. Coulthard
